Plot Overview

- Play as Adam Jensen, security chief of Sarif Industries

- Goal is to get to the bottom of the mystery of who attacked Sarif Industries and why
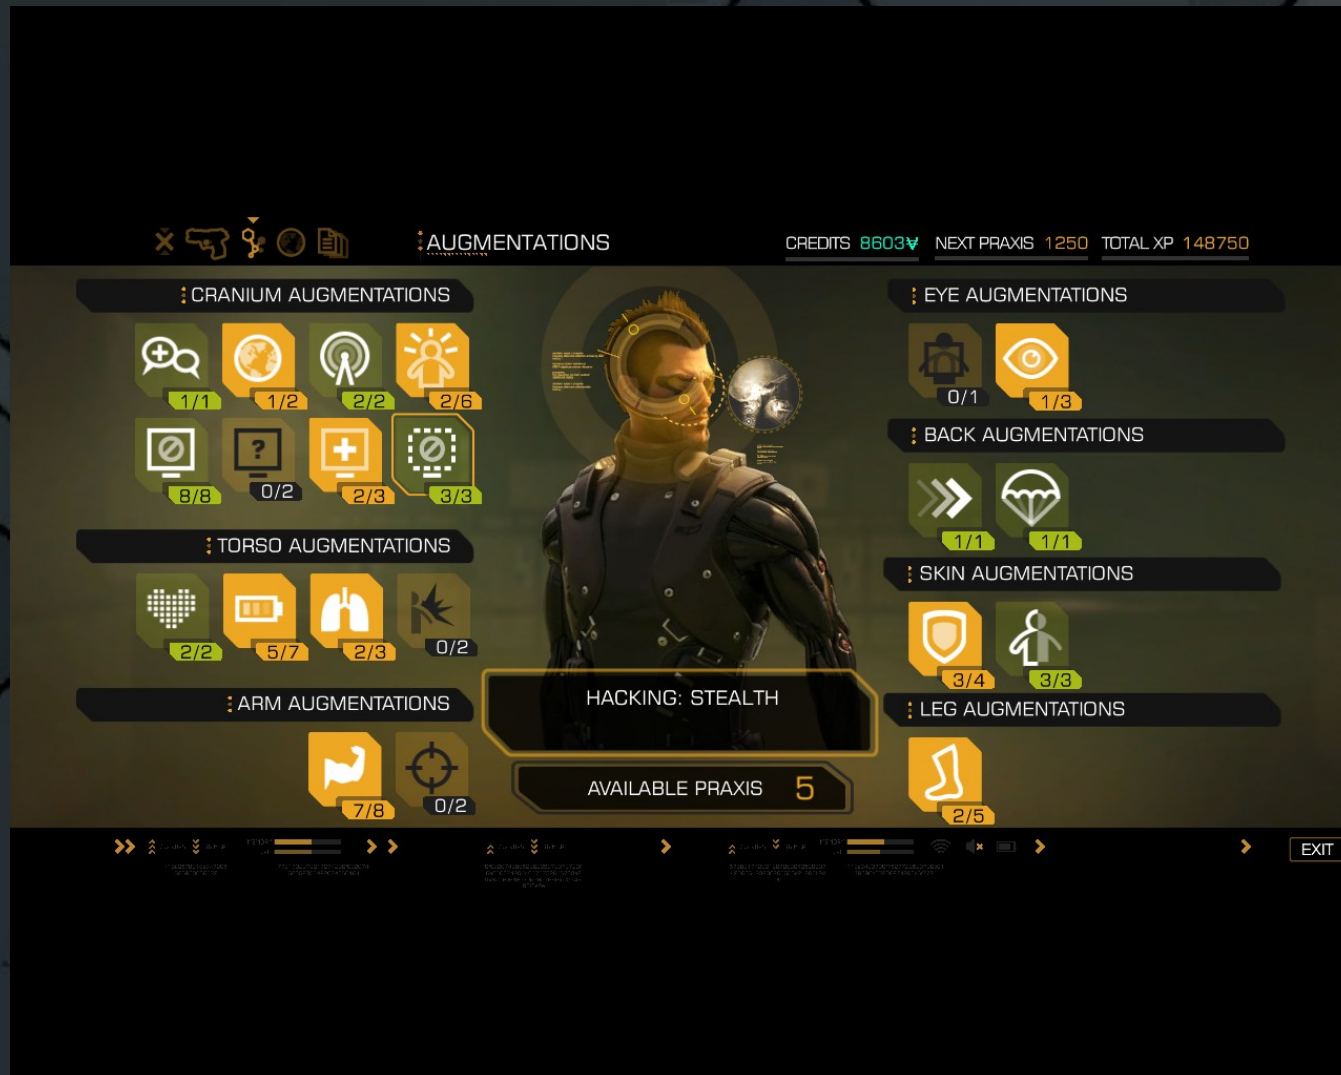

Interface – Main

Interface – Cover

Interface – Menu

Interface – Menu

Gameplay

- "Three Ways to Play"

- Tends to reward exploration and outside-the-box thinking

Aesthetics

- Environments tend to be very dark, reinforces the setting

- Music is very subtle, ambient

Scoring

- Experience points as a reward for accomplishing quest objectives and dealing with obstacles

- 5000 experience points unlocks a Praxis Point

- Praxis Points are used to upgrade your character's abilities

Special Features

- Pre-order bonuses for pre-ordering from various vendors

Game Review

What is fun

- Succeeded in balancing several gameplay types in one game

- All modes of play are appropriately challenging

What isn't fun

- Takedowns could have used more thought

- Augmentation trees aren't quite deep/varied/useful enough

- Inventory can be very restrictive

- BOSS FIGHTS

Boss Fights

Comparison

- The game is unique among its contemporaries

- Only games that compare really are the other games in the series

Intended Audience

- Intended squarely for mature audiences
- Violent at times
- Raises very good questions on the nature of humanity

Conclusion

- Great game

- Well worth purchase

- Great at letting you accomplish tasks how you want

- Should have gone back to the drawing board on boss battles, energy system
